**CUBA**—a land where soil and climate combine to give the world its most famous tobacco renowned for its exquisite flavour and aroma.

For centuries, the art of growing, cultivating and blending these fragrant tobaccos has been handed down to each succeeding generation.

From seed bed to cigar, every person who has had a hand in the development of the finished product has imparted that indefinable touch that distinguishes the artiste from the layman.

It is therefore only natural that Havana Cigars are the choice of the connoisseur.

This GREEN WARRANTY STAMP of the Cuban Government will be found on every box of HAVANA Cigars imported from CUBA.
